

23rd SAMOTER INNOVATION AWARD
*International Technical Innovation
Competition*
SPECIAL MENTION

*"For the original solution to a widespread problem
and the contribution to reduce
the environmental impact in urban building
sites and in closed spaces"*

SPECIAL MENTION
in the category
INDUSTRIAL APPLICATIONS
with
ZAINOMOTORE

ZainoMotore® is an accessory to be applied to new or used mini excavators from 1.1 to 2.0 tons of any brand. It works in hybrid mode (with 400V mains current) after the operator selection on board of the machine. It represents the ideal solution for indoor works or where it is necessary to limit noise pollution to a minimum and eliminate emissions completely (for example near schools or hospitals).
