DATASHEET FOX LINE

- Modular self-standing supporting structure system with removable tilt-boxes.
- Available in five different sizes with the same widht of 600 mm.
- The tilt-boxes, extremely strong and durable, are made of high-resistant thermoplastic and transparent resin (SBC).
- The shell is made of shock-proof polystyrene (HIPS) available in three different colours: grey, green and red.
- Additional colours: available on specific and important quantities (please contact us).
- Integrated label frames on the front.
- Supplied with one label for each, additional labels available as accessories.
- Conceived to be fixed to the wall and to our different metal supports: frames, open cupboards, trolleys, rotary displays and outfitted cupboards.

TECHNICAL DATA

° TILT BOXES MATERIAL: **STYRENE BUTADIENE COPOLYMER (SBC)**
° SHELL MATERIAL: **HIGH IMPACT POLYSTYRENE (HIPS)**
° TEMPERATURE RESISTANCE: **-40°C to +80°C.**

° SHELL DIM. **L.600 D.68 H.76**
° TILT BOXES DIM. **L.56 D.42 H1. 48 - H2. 64**

° WEIGHT: **0,5 Kg.**
° PACKING BY: **1 pc.**

° LABELS: **Each packaging is supplied with one label sheet, additional labels available on demand as accessories.**

° SHELL COLOUR: **Grey - Red - Green**
° TILT BOXES COLOUR: **Transparent**
° ADDITIONAL COLOURS: **available on specific quantities (pls contact us)**

° STACKABLE: **yes**
° SHELL LOAD: **4,5 Kg.**
° TILT BOXE LOAD: **0,5 Kg.**

° HANDLE MODEL: **carrying handles**

° PRODUCTION: **Injection moulding**

° USE: **for classification and storage**
